PROFESSIONAL SUMMARY

Passionate and highly motivated Software Engineering student pursuing a Diploma in Software Engineering at Uganda Institute of Information and Communications Technology (UICT). Skilled in designing and developing responsive websites and web applications using HTML, CSS, JavaScript, Python, Django, SQL, and MySQL. Strong understanding of software development principles, database design, REST APIs, authentication, and web security. Eager to contribute technical skills, problem-solving abilities, and creativity to real-world software development projects while continuously learning emerging technologies.

EDUCATION

Diploma in Software Engineering
Uganda Institute of Information and Communications Technology (UICT)
2025 – Present

Relevant Coursework:

- Web Development
- Database Management Systems
- Software Engineering
- Object-Oriented Programming
- Data Structures and Algorithms
- Networking Fundamentals
- System Analysis and Design

TECHNICAL SKILLS

Programming Languages

- Python
- JavaScript
- HTML5
- CSS3
- SQL

Frameworks & Libraries

- Django
- Bootstrap

Database Systems

- MySQL
- SQLite

Tools

- Git
- GitHub
- VS Code
- XAMPP

Concepts

- REST APIs
- Authentication & Authorization
- Responsive Web Design
- Version Control
- Database Design
- SDLC
- Software Testing
- Web Security Fundamentals

PROJECTS

Personal Portfolio Website

- Developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Showcases skills, projects, contact information, and downloadable resume.
- Mobile-friendly design with modern UI.

UICT Library Management System

- Developing a web-based Library Management System using Django and MySQL.
- Features include:
    - Student registration
    - Book borrowing and return
    - Fine calculation
    - Admin dashboard
    - Database integration
    - Search functionality

Login & Authentication System

- Designed secure login and registration pages.
- Implemented client-side validation.
- Prepared backend integration using Django.

To-Do List Web Application

- Built using HTML, CSS, and JavaScript.
- Includes Local Storage support.
- Allows users to create, edit, and delete tasks.

Calculator Application

- Developed an interactive calculator using JavaScript.
- Supports standard arithmetic operations.
- Responsive user interface.

STRENGTHS

- Excellent problem-solving skills
- Fast learner
- Team player
- Strong communication skills
- Self-motivated
- Attention to detail
- Adaptability

LANGUAGES

- English
- Luganda

CAREER OBJECTIVE

To secure an internship or entry-level Software Engineering position where I can apply my technical knowledge, contribute to meaningful software solutions, and continue growing as a professional software developer.
